Latvian Academy of Sciences

Agreement of MikroTik Academy

Nr. 16/10-10-13

Rīga, 16. 09. 2013.

This Agreement is made as of September 16th 2013 between MIKROTIKLS SIA, represented by Board Member of the Company Arnis Rickstins, acting in accordance with the Company's statute (hereinafter - MikroTik) and Muhammadiyah University of Sidoarjo, acting in accordance with the national education law (hereinafter - University),

Definitions:

University is an educational institution which has all the necessary education and professional certifications specified in the national education law, or, in other laws regulating education, and which participates in the implementation of educational programmes and grants academic degrees in variety of subjects.

MikroTik is a legal person who, together with University, wishes to enter into this agreement to establish MikroTik educational programme - classes in field of MikroTik networking technologies.

MikroTik Appointed Coordinator is a person who is certified as a MikroTik trainer and is listed in MikroTik official website <http://www.mikrotik.com/training/> as the official coordinator for particular country.

MikroTik Academy Trainer is a lecturer at the University. MikroTik Academy Trainer is approved by MikroTik and MikroTik Appointed Coordinator, and has ~~following MikroTik certifications~~ - MTCNA, at least one of MikroTik Engineer level certificates (MTCRE, MTCWE, MTCCE, MTCUME or MTCINE) ~~and a MikroTik Academy Trainer certificate.~~

MikroTik Educational Class is general data networking, or, specific MikroTik educational program covering MikroTik Certification Outline, meant for different educational institutions which have entered into an agreement with MikroTik. MikroTik Educational Classes are meant only for University Students interested in learning routing and managing of wired and wireless networks using MikroTik RouterOS.

University Student is a student who has registered for any of academic programs of University at the time he is signing up for the MikroTik Educational Class.

Obligations of parties:

1. University provides professional guidance – provision of information regarding the opportunity to acquire MikroTik Educational Class in compliance with the interests and abilities of the students.
2. University together with MikroTik Academy Trainer creates MikroTik Educational Class using their best knowledge and MikroTik support.

A.R.

3. University provides students with equipped space, lab, appropriate Internet access, MikroTik Academy Trainer at University's own expense and with MikroTik equipment for MikroTik Educational Class cooperating with MikroTik Appointed Coordinator.

4. University together with MikroTik Appointed Coordinator ensures that MikroTik Educational Classes have educational purpose and are attended only by University Students.

5. MikroTik provides University, MikroTik Appointed Coordinator and MikroTik Academy Trainer with necessary support and information considering the organization of MikroTik Educational Classes.

6. When MikroTik Educational Class comes to an end, University holds MikroTik Certified Network Associate (MTCNA) certification test for University Students who have attended the MikroTik Educational Class. Certification test is provided by MikroTik through <http://www.mikrotik.com> webpage. It is activated for University students through MikroTik Academy Trainer's profile.

7. University ensures that MikroTik Academy Trainer may alter, edit, or revise any copy of MikroTik Training Materials without the prior written approval of MikroTik, however, each revision must include MikroTik as author's name and credits as originally provided by MikroTik, and must display the following notice in clearly readable print on the first page of each copy and each page: "© MikroTik, www.mikrotik.com. All rights reserved. Reprinted with permission."

8. University shall indemnify, defend and hold MikroTik harmless from and against all losses, costs and expenses, incurred by University or MikroTik Academy Trainer as a result of or in connection with claims for copyright, patent infringements, bodily injury, property damage asserted against MikroTik by third parties, provided and to the extent such claims are caused by the negligent acts or omissions committed by University or MikroTik Academy Trainer in the course of its performance of its obligations under this Agreement.

Final provisions:

9. This Agreement of MikroTik Academy shall be governed by the laws of Latvia, and shall be construed and interpreted thereunder.

10. Any matters not covered in this Agreement of MikroTik Academy shall be mutually negotiated by all parties and be set forth in the supplementary written agreements, which have the same legal effect as this Agreement.
